

ANALYSIS OF TEACHER FEEDBACK

A. FEEDBACK ON THE CURRICULUM

B. FEEDBACK ON FACULTY AND INSTITUTE

Suggestions for improvement (if any)

46 responses

Nothing

Teachers' should understand their student that is one of the way they should follow our Bible.. Not just keeping a good Bible quote in their whatapps status

hope we can get more clean water and a proper toilet for both boys and girls

Spoken Hindi/English classes should be held more often

Need a spacious classroom

Prepare well for teaching students

English reading and translate

I have no suggestion.. It's ok.

Student need more career guidance and information according to their subject and seek a light for their way. Thanks.

Since google meet is limited to 720p many of the teachings and illustrations are barely visible when cameras are used. I suggest more usage of screen share and presentations instead of cameras.

Projector bad

Teaching leh note min pèk a tha vek e

Please lower your fees

As we are moving in the new campus ,i think the improvements i was thinking were already made . This is my opinions on the old college . About the syllabus, the problem is me . I just have to focus more.

I don't have

Try to keep up

Good

Non

Career orientation of the subjects

Conduct offline class

it is good enough

It's very good

None fine good

Fine

Internet facility needs improvement

None

The office staff could have been nicer and gentle, rather than screaming at us with what we could have done to avoid such screaming and avoiding us, keeps us waiting for such a long time even tho it's just a minimum 2 minutes interaction.

Online class ah hi chuan 3:30 thleng class hi chu a rei deuh ka tia miss/sir, in concentrate alo har deuh tawh thin a, online class a nih leh dawn chuan tlem tala tih tawi deuh dan a awm a ngem le.

Sorry i have no suggestions

I have no further suggestion 🙏

Lets try harder

It would be good if we could get the detailed information when there is an announcement or information since some information are sometimes less detailed.

Everything is normal but internet and other personal problem from the students must be taken in concern

No improvement needed, Just Taking class offline is what we need

It's really good

..

More washrooms and free internet or wifi would be a great improvement

Patients

I think the quality of teaching is good but can teachers try to know that students understand their teaching/explanation.

Plenty of water for the hostellers

More extracurricular activities.

No way

Its good in teaching and others, but i think we still need more books in library we still in need it

We need more organised activities.. We know our houses a day before the week, imagine how we prepare
