One way to help make teaching and learning more fun, innovative, and engaging is to utilize technology and apps in our classrooms.

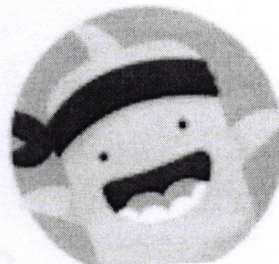

Being a teacher is not an easy task. Especially when it gets to keeping students engaged and focused in the classroom. From lesson planning to instruction to assessment, there's a lot to learn and manage. Now that technology is becoming more and more present in the classroom the following Android apps are perfect for the classroom and will surely help teachers with their organization and time management.

Here are some of the best Android apps that teachers have found to be the best in their classrooms.

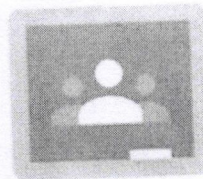

1. Remind

2. Class dojo

3. G-Suites (Google Class Room, etc)
