SESSION I:

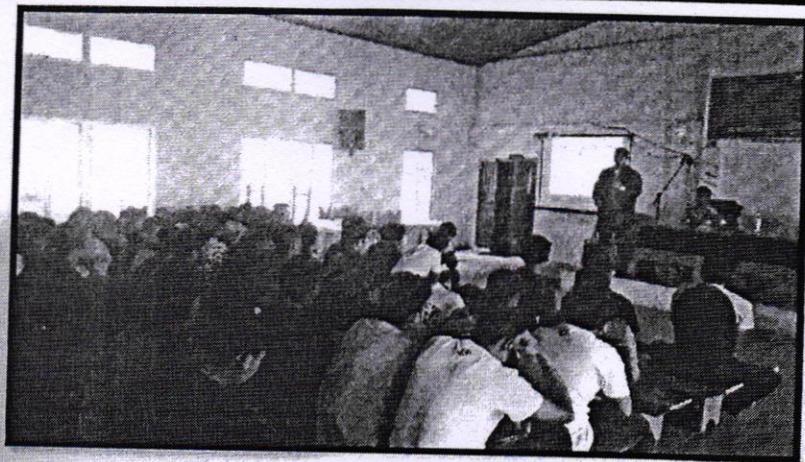

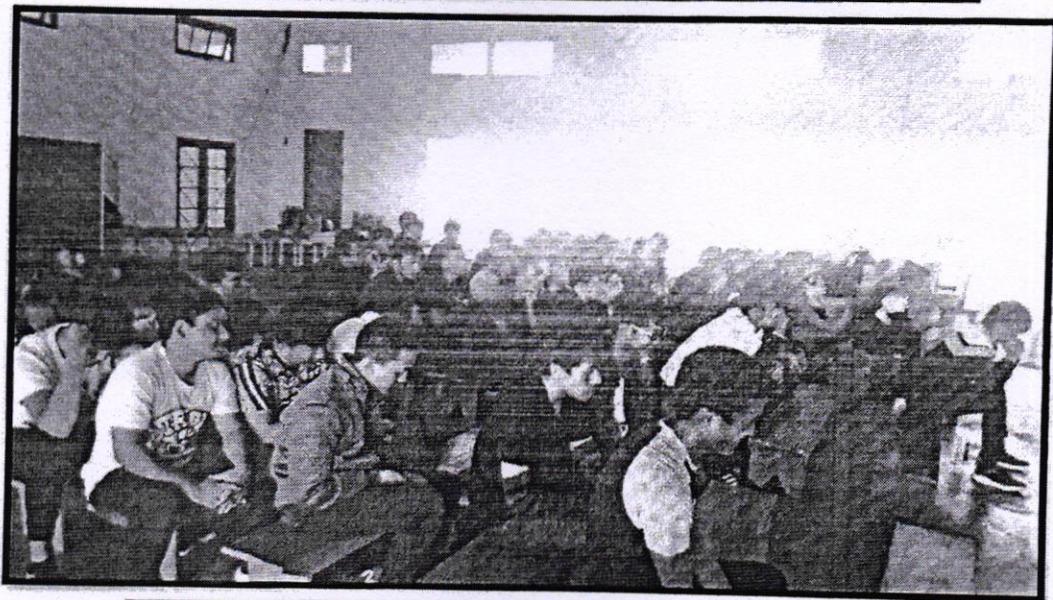

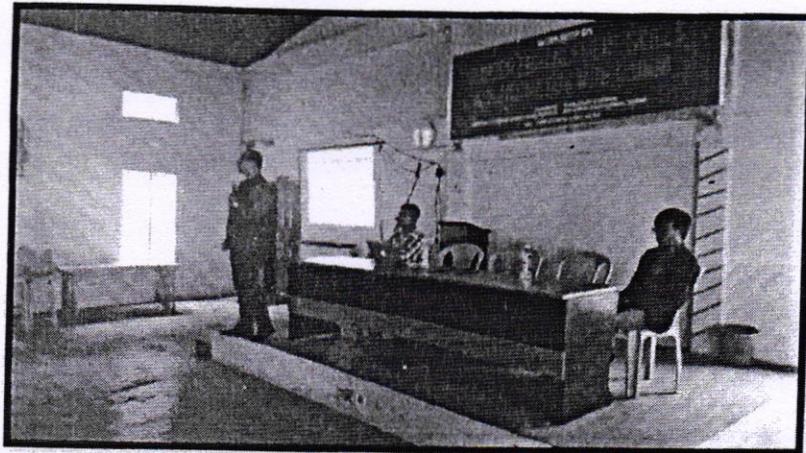

The first session was chaired by Mr H Thangkhanhau, he welcome all the participant and the resource persons. This was continued by the Resource Person Miss K Malsawmtluangi. Her topic is "Technique and Execution of Oral Communication". She talks about the different communication skills, explain them and motivate the students to improved their communication skills. She also conducts some practical for the student for their awareness and was happy with the students as they are open and cooperative.

The first session end at 12:30 pm which was followed by a refreshment which was prepared by Miss R Lalmawipuii, Miss Lalngurzami and Mr Vanlallura.

SESSION II

The second session was chaired by Mr Lalremtluanga, Assistant Professor, Dept of computer Science, and the Resource Person is Mr Lalhrualtuanga, Assistant Professor, Dept of Computer Science. His topic is "Job Opportunities". He talks about different Job opportunities that they can focus on and enlightened the student in different stream that they can step forward after completing BCA. It was an interesting session and the students are also enthusiastic about the topic.

INTERACTION WITH ALUMNI:

In this session, we invite alumni from different streams. We are happy that four of our ex student came to participate in the workshop. Our special guests and alumni are C.K. Lalropuia, Zonunsanga Zote, Lalhmingliana and David Lalremsiama. Each of them had a speech and share their experience during their studies and after getting into their respective job.

C.K. Lalropuia work as a programmer in facebook company which is a very popular social network MNC company. He finished his MCA from Bangalore and got Job during campus interview.

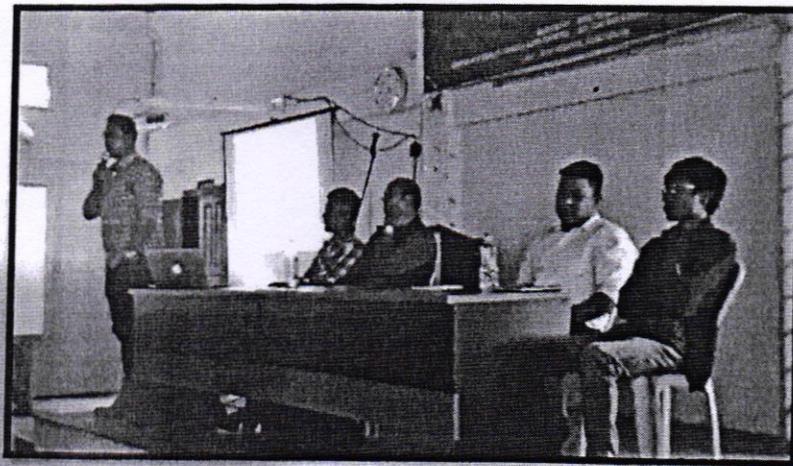

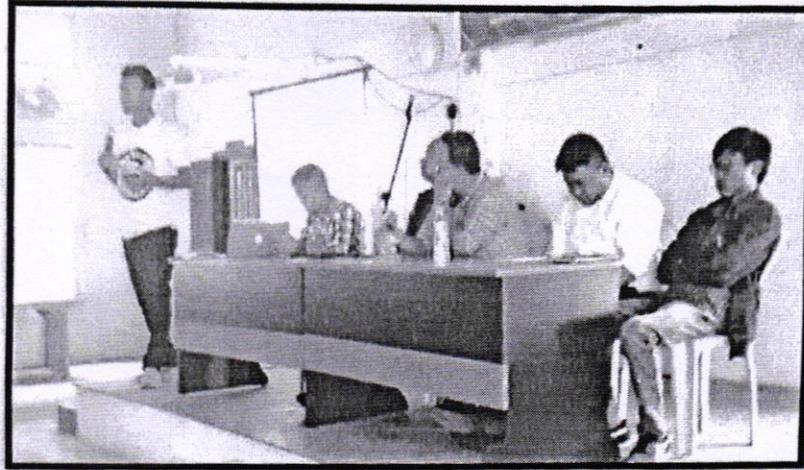

Zonuna Zote after completing MCA from bangalore, he works as a UI/UX designer in Nuvodev Technology pvt ltd. He design interactive user interface web page.

Lalhmingliana is the founder of MIZDEN agricultural consultancy firm. He is also a winner in 2nd Mizoram Rahbi, micro start up competition 2018.

David Lalremsiama work as a faculty in NIELIT after he completed his MCA from NIELIT. He also worked as a part time lecturer in our own college for some time.

All of them share their experiences during their college days as well as after post graduate. They motivate the students to have aim and not to lose hope in their career. Their experiences are worth listening and inspire the students that they can move forward and earn a living like them. The overall program is good and students are appreciating their professors to organize a workshop like this for them.
